Allowable Subject Matter

Claims 1-44 are allowed.

The following is an examiner's statement of reasons for allowance: the subject matter of the present invention is related to determining weights associated with grammar options in speech recognition system.

Claims 21, 27-44 were previously allowed. Claims 1-20 and 22-26 are allowed, because the prior arts of record do not teach the steps for determining weight for grammar options and associating statistics with grammar options as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel D Abebe whose telephone number is 571-272-7615. The examiner can normally be reached on monday-friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Doris To can be reached on 571-272-7629. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
